

This Week

The median list price in CARLSBAD, CA 92010 this week is \$575,495.

Inventory is tightening and days-on-market is falling. The Market Action Index shows demand heating up. These are relatively bullish signs for prices.

Supply and Demand

- Home sales continue to outstrip supply and the Market Action Index has been moving higher for several weeks. This is a Seller's market so watch for upward pricing pressure in the near future if the trend continues.

The Market Action Index answers the question "How's the Market?" by measuring the current rate of sale versus the amount of the inventory. Index above 30 implies Seller's Market conditions. Below 30, conditions favor the buyer.
